*Oh, you'll be back.
But then it will be too late.
There will be a lot of new faces
and even more new names.
Your friends won't be around and
gone with them are the good times.
But Lake High will be standing,
and with it will remain all the
memories.
All the good ones and the few bad,
the moments only LHS could supply.
So when you do come back, stop
and remember those high school days.
For you made them what they were.
And if you didn't make them
anything special, it's too bad
because those days are gone — Forever!*

Graduation 1979

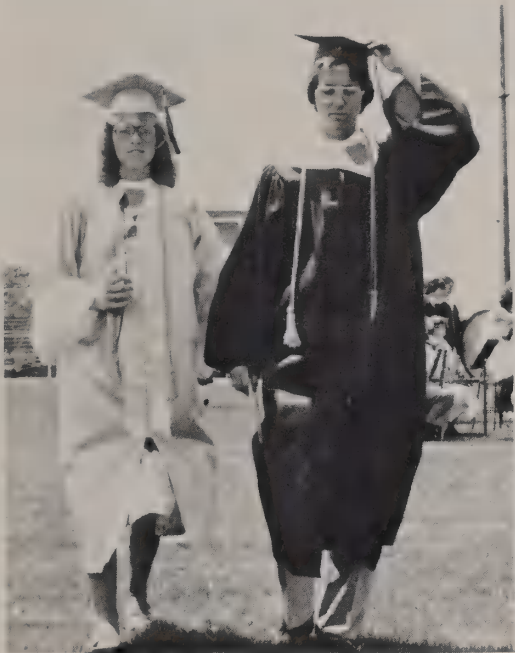

On June 3, 1979 the 156 graduates marched into the football stadium for the last time as a class. The invocation was given by Rev. Joseph Fidelman. Mr. Richard Eckerman gave the message to the class. Merrie Williams, Valedictorian, Rob Harmon, Salutatorian, along with Kris Livingston and Scott Geresy gave the class responses. After the diplomas were presented and the singing of the Alma Mater, Rev. Fidelman gave the benediction. The class of 1979 walked out of the stadium together before going their separate ways.

NLL Champions

We Are The Number 1 AA Champions

On October 27th in '78

Two teams met for an important date.
Maumee and Lake were there names
All the marbles rode on the Game.

All the experts predicted a very rough night
Lake was going to be put to flight.
Maumee was great with poise and flare
They would run on the ground and throw in the air.

They were awesome, tough, big, and strong
And they found out quickly something was wrong.
They tried the middle, they tried the end
That Flyers line just wouldn't bend.

The Coaches screamed, the fans did shake
For Lake, the Panthers were a piece of cake.
That big front wall came tumbling down
There were Maumee players all over the ground.

The Russells, Taylor, Caris, and Dale
Had those Panthers by the tail.

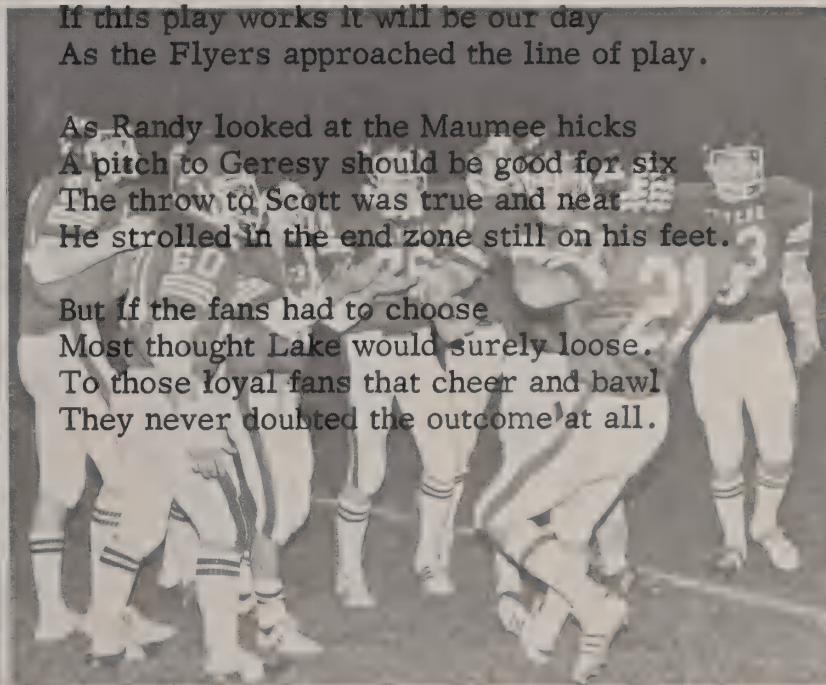

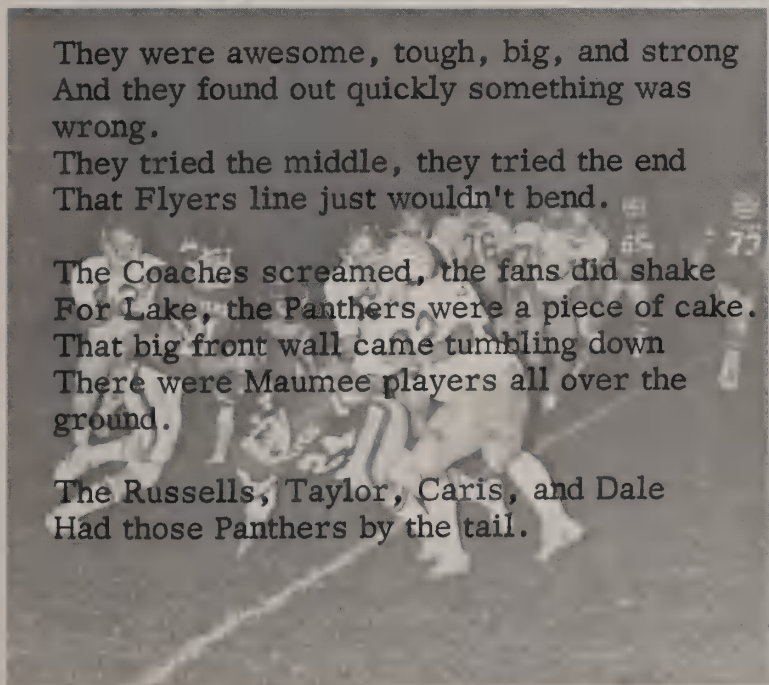

Maumee couldn't believe the rush
It even made the Coaches blush.

They hung in there for three quarters or more
And hadn't even come close to a score.
Then the Flyers made their move
A pass to 'brugge right in the groove.

They came out of the huddle loaded for bear
With Smith on the sidelines flailing the air.
If this play works it will be our day
As the Flyers approached the line of play.

As Randy looked at the Maumee Hicks
A pitch to Geresy should be good for six
The throw to Scott was true and neat
He strolled in the end zone still on his feet.

But if the fans had to choose
Most thought Lake would surely loose.
To those loyal fans that cheer and bawl
They never doubted the outcome at all.

Queen Guenevere

King Arthur

Nimue

Morgan Le Fey

Lancelot

Merlyn

Mordred

Pellinore

Come and live in Camelot.

Yah! What a glorious time.

Come, my dear Jenny

I loved you once in silence.

He did that rather well.

The Lusty Month of May.

It's a long story.

We will have to forgo the bending; Beastly things need oiling.

Tell me, milord; have you achieved perfection?

An invisible wall three and seven feet tall.

Greeting Guenevere

Did I not pledge to you that I would become the greatest king ever to sit on any throne?

... and all things I dreamed ... I dreamed ...

As for what to do with you, well, I'm at a loss.

Run, Tom of Warwick; Behind the lines. Return to your home.

It's these uncivilized days back again, those days we all tried to put to sleep forever.

Arthur and Guenevere

Seniors Succeed

A black and white portrait of a man with a beard and long hair, looking down. The image is grainy and has a high-contrast, artistic quality. The man's face is the central focus, with his eyes looking downwards. His hair is long and wavy, and he has a full beard. The lighting is dramatic, with strong highlights and deep shadows. The background is dark and indistinct. The overall mood is somber and contemplative.

Looking toward the future . . .

As supplies of natural gas and oil continue to grow scarce, electricity will play an even larger role in meeting the expanding energy needs of our society. That's why Toledo Edison is developing new sources of energy, such as nuclear power, and planning ahead for the power needs of 1990 and beyond.

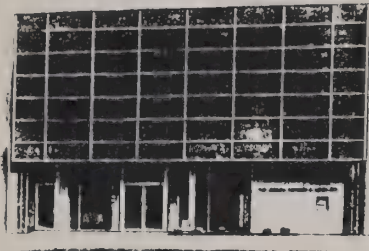

We're determined to meet this challenge and provide the best possible electric service for your generation and others that follow.
